THE DALLY REPRESENTATION PRINCIPLE OF THE PROPERTY AND ADDRESS OF THE PROPERTY OF

25 CENTS

The Deer in our Public Squares.

To the Editor of the Evening Telegraph: Among the recent proceedings of the wise men representing the city of Philadelphia was one to dispose of the deer in the public squares, giving as a reason that the city had occasionally to pay for a little corn and bran to feed them. This pery important question occupied the time of those wonderful counsellors the greater part of two afternoons, they all the while lorgetting that pestilence is approaching surely and rapidly, and it will find our streets and alleys reeking with the accumulated bith of the antire winter, and in most admirable condition for the cholera to in most admirable condition for the choiers to spread among us, and thereby cause the death of many a one whose hie would be worth more to the community than the whole of those eminent bodies put together.

usly speaking in regard to the deer question, the writer was one of the parties who con-tributed to the purchase and had them placed in Logan Square. The original intention was to have kept a few, say ten or twelve, in Logan Square, and then send the balance to Fairmount Park. There never has been anything placed in any of our public squares, or elsewhere, that has caused more remark, and that has drawn more strangers to visit the Square, than the tame deer walking about, and harming no one, at least no one who will let them alone. The writer has seen, scores of times, little children from two to ten years old sharing their cakes, apples, etc., with them. So tame have they become, that they will feed out of their hands. Among the hundreds of children who day after day visit the public squares, I will venture to assert that there is nothing that so much attracts them there as the deer. If the city of Philadelphia cannot afford to pay for their keep, the writer will guarantee that the amount necessary can be raised by the children of the neighborhood under seven years of age, who will gladly give from the money furrished them for cakes and candies, more than will be sufficient to feed their pets. I do hope, therefore, as one of their members justly observed, they will have some respect for their own dignity.

AMUSEMENTS.

ACADEMY OF MUSIC,-Paust, the poem interpreted by the dreamy and impassioned characterist'e t has inspired, will be given to-morrow evening by the artists who best understand both the poetry and the music. Himmer, Hermanns (the "Mophis-topheles" par excelence) M'me Rotter a most in-ished artist, and Mac'de Dzinba, new to us in the role of "Seitel" Faust will be performed but once. It should not be missed by any one who desires to retain memories of the grand and beautiful.

LEGAL INTELLIGENCE.

COURT OF QUARTER SESSIONS-Judge Ludlow. -Harriet Hodman was charged with bigamy. The Rev. Mr. Wilson testified that in April 14, 1863, he united the defendant in marriage to one Joseph Hoffman, and that subsequently in January, 1866, he again joined the defendant in marriage to one William B. Wagner. He surther testified that at the time of the last marriage she reminded! him that he performed the marriage ceremony when she was first married, and gave him to understand that her first husband was dead, and she was then a widow. After this testimony the defendant withdrew her plea of not guilty, and entered a plea of guilty. The defendant's counsel said he would like time to bring some witnesses, who, hesaid, would show a state of facts that would, in his opinion, go far in mitigation of punishment. The final disposition of the case was therefore postponed until

Saturday.

Lewis Wagner, late Colonel of a colored regiment and Commandant at Camp William Penn, was charged with the larceny, as bailee, of four hundred dollars, the property of William Reese, a colored man, who enlisted as a substitute, September 8, 1864, and, being taken to camp, entrusted, as he testified, the money in question to the defendant for safe keeping. took a receipt for the money, which he says he has lost, and was sent with his regiment to the

Upon his return he called upon the Colonel, stated that he had lost his receipt, and demanded his money. The Colonel said that he did not remember him, that his name was not upon his (the Colonel's) books, and said that if the money had been left with him it had been paid to some other person, who had claimed it.

Patrick Briarty pleaded guilty to a charge of assault and tattery on Joseph Hogeland, and was sentenced to ten days in the County Prison. The defendant hit Hogeland over the head with a pitch-pine board, and inflicted quite a severe

Peter C. Thompson was convicted of assault and battery on Annie Beaumont, and was fined \$10 and costs.

MATTERS OVER THE RIVER.

SAD CASUALTY .- On Sunday morning the body of Mrs. Weldon, of Bordentown, was found in a large rain cask, on the premises of her son-in-law, Mr. Herbert. Mrs. Weldon had suffered for several years from a nervous affection, which produced at times a slight derangement, but had never manifested any symptoms to give the remotest idea of self-destruction; and whether her death was caused by accident or design is un known. She had resided in Camden for many years, and was much respected. This calamity has plunged several ramilies in grief; for she was idolized as a mother, and held in the highest esteem by a large circle of friends.

INQUEST.—The German who was brutally assaulted and robbed in a back street near Eng-lish's Hotel one night last week, died at the Pennsylvania Hospital on Saturday. His body was brought to Camden on Sunday by Coroner Roberts, and an inquest will be held this afternoon. His name was Peter Stueble, a German by birth, and he was a member of the 34th New Jersey Regiment. The authorities ought to offer a reward for his murderers, as no expense should be spared to bring the heartless assassins to punishment. This gallant soldier had escaped all the perils of battle to be struck down by highwaymen in a peaceable and Christian community.

SHIFFLER HOSE COMPANY .- This Fire Company attended the Tabernacle Baptist Church in a body yesterday morning. The front seats of the middle aisles were reserved for them. Mr. Davies, the Pastor, gave an eloquent picture of the exposure and perils incident to a fireman's life, and urged the necessity of always being prepared to meet death. His advice to shun intoxication, profanity, and loitering on the Sabbath about the hose house, was a most persuasive appeal, and kindly

AMERICAN MECHANICS.—Camden Council, No. 7, O. U. A. M., with a number of visiting members of the Order, attended Divine service at the Broadway Methodist Episcopal Church, on Sunday morning. The pastor preached an appropriate sermon, alluding, in happy terms, to the benevolent features of the organization. We have seldom seen a more respectable body of men together.

TAKEN IN CHURCH.—Eight converts were given the right hand of fellowship in the Taber-nacle Eaptist Church, by the Pastor, Rev. Mr. Davies, on Sunday morning. In the evening, the ardinance of baptism was administered to several more. About thirty-eight additions have recently been made to this Church, and the revival meetings are still continued.

TERRIBLE CALAMITY .- Four children were burned to death in a house at Jackson-ville, Monmouth county, one night last week, by the house taking fire. The occupant, a German and his children, nine in number, had escaped, but the four who lost their lives had rashly re-entered the house, and before they could again escape, were burned to death.

ROBBERY OF PISTOLS.-A few nights since about seventeen handsome revolvers were stolen out of a box belonging to the Government, at amboy. Mr. Vancteve, the Superin-tendent, immediately discharged the gang until the robbers were identified.

CITY INTELLIGENCE [For Additional Local Rome see Third Page.]

SPECIAL RELIGIOUS SERVICES .- Yesterday was the occasion of a number of religious moetings of mere than ordinary interest. The Right Rev. Bishop Vail, of Kansas, officiated at All Saints' Protestant Episcopal church, in Twelfth street, below Flizwater, administering the rite of confirmation to a number of persons. The ceremonies were of a deeply interesting character, and the church edifice was completely In the afternoon Rev. John Chamber preached a sermon to medical students, and preached a sermon to medical students, and there was not a vacant seat in the house. His advice to young men exposed to the temptations of city life was well timed, and delivered with that carnestness for which this gentleman is so remarkable. Bishop Simpson addressed the young men at Trinity M. E. church, in Eighth street, above Race, in the evening. The church was crowded, the audience being mainly composed of young persons. The Bishop made one of his happiest efforts. He urged the young men to a manly discharge of their social and Christian duties, showing that an upright life was a guarantee to success in their daily avocations, giving them character and standing in the community, and profitable even as a worldly venture. The sermon was full of eloquent pas-

sages, and created a deep impression.

Rev. E. R. Beadle, recently a missionary to Syria, but at present pastor of the Seventh Presbyterian Church, at Seventh and Arch, repeated, by special request, his sermon to young ladies, last evening. The immense church was entirely to small to accommodate all the ladies that were in attendance, the sisles, pulpit steps, standing room in the galleries, the choir, and even the vestibule being packed with the dense mass of humanity, while hundreds were forced to leave without gaining admission. We cannot do justice to the surmon, but we learn that it will be published in pamphlet form, and in this way will achieve a wider usefulness. The sermon is founded upon the story of the woman who washed the feet of the Saviour, as related in the seventh chapter of St. Luke, and is certainly a magniticent specimen of pulpit oratory. The Reverend gentleman refers to woman under five different aspects; her place, character, influence, mission, and needs, and is entirely out of the usual vein of special lectures. He regards woman as charged with peculiar duties and great responsibilities. Avoiding the vexed question of the natural equality of the sexes, he proceeded to show the great power exercised by woman in moulding character, and influencing the characters of those with whom they were in deily contact, and with whom they were in daily contact, and referred to the fact that nearly every great and good man had acknowledged the effect of a mother's precept and example. Dr. Beadle has a sympathetic voice and his carnestness is one of the remarkable features of his oratory. His long residence in the East has rendered him familiar with oriental literature, and many of his figures glow with the brilliancy of that land of poetry. He promises to be one of the most popular preachers of our city.

Not the least attractive feature of the service

was the fine musical performances of the choir. It has been but recently organized, but cannot but achieve reputation. The soprano. Miss Mary B. Heisler, has a powerful votes, finely cultivated, and rendered the higher styles of classical music with great effect. Miss Jennie Thomas has a rich contralto, and sings with an ease and abandon that is peculiarly attractive. Mr. Bradshaw is a young man, but he gives great promise of future excellence. It is hardly

necessary to say anything in regard to the leader, Mr. John J. Heisler. Every one that has attended the Arch Street Presbyterian Church will acknowledge the beauty and force of his rendition. As a basso profundo he has no superior and but few equals. Mr. Wolseifer, a well-known musician, has charge of the organ. Last evening the opening piece, "Calm on the Listening Ear of Night," and the closing chant, "Shall we Meet with Christ our Saviour," was magnificently performed. formed.

The Rev. Otis Gibson, of the China Mission, delivered an interesting seomod yesterday morning in the Twelfth Street Methodist Episcopal church. He gave an account of the operations of the mission since he was first assigned to duty there.

At the M. E. Maviner's Bethel, Shippen and

Penn streets, th anniversary of the Missionar Society was held, and addresses were delivered by Thomas Perrins and others. The children attached to the school sang a number of choice

The Missionary Anniversary of the Sabbath

School connected with Cohocksink M. E. Church was held yesterday afterneon. Several appropriate addresses were delivered. The hundred and twenty-fourth meeting of the Philadelphia Tract and Mission Society was held yesterday morning, in the Baptist Church, Eighth street, above Master. Addresses were delivered by Rev. William M. Connell, LL.D.

and others. A meeting of the friends of the Sabbath was held last evening, in the Seventh Presbyterian Church, Broadstreet, above Chesnut. The Rev. Dr. Crowell, the pastor of the church, and several others, delivered addresses appropriate to

the occasion. SAGE QUESTIONS .-You who are at figures quick, Brush up your arithmetic; Can you count the drunkard's ills, Or young Skin'em's unpaid bills, Or the vows that lovers make, Or the oaths that blacklegs break, Or your nervous aunt's alarms. Or mosquitoes in the Fall, Or customers at Tower Hall?

We have the largest and best stock of CLOTHING in Philadelphia, all FRESH, PASHIONABLE, and SOUND, which we are setting at prices guaranteed to be lower than the lowest elsewhere, for either to be lower than sound goods.

Machinery Perfection —In all the wide range of human inventions the genius of man has never been more usefully called into operation than in bringing to perfection a durable, cheap, efficient, and simple Sewing Machine. Applying these essential qualities of a good Sewing Machine to the Florence, sold at No. 620 Chesnut street, we consider that its projectors have a perfect right to claim for it, in the highest degree, simplicity with durability, and the further quality of doing a greater range of work than any other competitor, whilst it can be easily understood by all. Besides embodying all the advantages of other machines, the Florence possesses many improvements over any and all of them—such as making four different kinds of stitches, a rell-adjusting tension adapted to all kinds of work, never taking to give the amount of tension always in exact proportion to the size of the tobbin, the peculiar method of taking up the slack thread, the excellent and exclusive centure of adjusting the length of the stitch, and the direction or the same, denominated the reversible feed-motion, which enables the operator, by simply turning a thumbscrew, to have the work run of the some of the examination of the construction and working of the Florence Machine will convince any one of its superiority, and we would advise our readers who are desirous of buying a grift that will be most acceptable to the wife, daughter and risend, to buy a Florence periority, and we wou'd navise our readers who are destrous of buying a grif that will be most acceptable to the wife, daughter and triend, to buy a Florence Sewing Machine—a grif of beauty and utility that will last a lifetime. Every machine sold is warranted to give satisfaction, and instructions given without charge. Call variy to secure prompt delivery, as the Company are now behind their orders.

COUGHS, HOARSHNESS, and the various Throat affections to which Public Speakers, Military Officers, and Singers are lable, relieved by "Brown's Bronchial Troches." Having a direct influence to the affected parts, they al'av Pulmonary irritation. The freedom from all deleterious ingredients makes the Troches a safe remedy for the most delicate female, or youngest child, and has caused them to be held in the highest asteem by those who use them,

"Union is not always strangth," as the sailor said when he saw the pursor mixing his rum with water. The union of slate and dust with Coal by no means enhances its value. W. W. Alter, the renowned dealer, at No. 957 N. Ninth struct, below Girard agenue, has his Coal carefully screened and picked for family use. He also sells at the very lowest prices. Branch Office at Sixth and Spring Garden attreets.

BIGHLY INFORTABT!
VISIT TO JEEF, DAVIS!
STARTLING DISCLOSURES!

From our own Special.

Passing by Fortross Monroe yesterday, I took occasion to drep in for a call upon the ex-President of the inte lamented Contederate states.

Mr. Davis is looking quite old. Many ascribe this to his treatment here; but I think it probably arises from the fact that he was born to 1868.

When I entered his apariment, he was sitting upon a chair which stood upon the floor. He had one hand on his knee. This position, however, is not compulsory, and he varies it at will.

I said, "How do you do, sir?"

He said, "Pretty well, Gus, how are you?" I do not know why he called me that; Augustas is not my name.

I then said, "Sir. there are many conflicting sumors

anything to complain or?"
He said. "Young man, I should think I had."
Sa d I, "Of what?"
Said he, "Of being locked up."
"How do they feed you?" I asked. "On victuals mostly." he anywered.

"How do they seed you?" I asked. "On victuals mostly," he answered
"Do the bugs trouble you?" I asked. "Yes, when they bote me," sa d.he.

I observed there was no Persian carpet on the floor, neither did I notice a rocking c air. Taking my le ve of him, I said, "Cau I do anything for you?" "Yes," said he, "send me the Book of Cuttings! I see advertised by Charles Stokes & Co. the Clothers under the Continental Botel, Philadelphia. With this request my interview closed.

WONDERFUL SCIENTIFIC DISCOVERY DR. S. W. BECKWITH'S

ELECTRICAL INSTITUTE No. 1220 WALNUT Street, Electricity in all 1-a Various Forms administered for the Cure of Chronic Pissanes.

Chronic Finehams.

Within the past five years, thousands of patients have been treated at the office, suffering from almost every form and condition of disease common to humanity and in nearly all cases a benoît or perfect cure has been effected. Pu w. deafness, obnaness, rheunstism, dyspepsia, caner, and all the old knotty duesses that are a physician's curse, as it proves his mability to eradicate, are by our method comparatively easy of cure. Specimens of tumors of large growth extracted by means or Electricity alone, without pain, without the use of the knife, hastures, or any other means, may be seen at our office by those interested. We are writing to undertake any of the following direates, with every hope and prospect of success, with very many others not here enumerated:—

1. Diseases of the Brain and Nervous System.—Epilepsy, Chorea or St. Vitus' Dance, Paralysh (Hempleyns), Neuralgia, Hysteria, Nervousness Palpitation of the Heart, Lockiaw, etc.

2. Organs and Tassues connected with the Digestite Austem.—Some threes.

2. Organs and Tissues connected with the Digestive System—Sore Threat. Dyspepsis. Diarrhea. Dyscutery, Obstinate Consequation. Hasmorrholds or Piles, Bilous, Flatulent, and Painter's Colle, and all affections of the Liver and Spicen.

3. Respiratory Organs—Caterrh, Cough, Ioflaenza, Asthma (when not caused by organic disease of the heart), Bronchitts, Picursy. Picurodynia or Rheumatism of the Chest, Consumption in the early stages.

4. Fibrous and Muscular System - Bheumatism. Gout, Lumbago, Stiff Neck, System Curvature, Hir Diseases, Cancers, Tumors. 5. Urmary and Genilal Organs.—Gravel, Diabetes.

5. Urinary and Genital Organs.—Graves, Dinonce and Kidney Complaints, Impotence and Seminal Weakness. The latter complaints never fail to yield rapidly to this treatment

6. Diseases Peculiar to Females.—Uterus Com-

rapedly to this treatment

6. Diseases Peculiar to Females.—Uterus Complaines, involving a mai-position, as Prolapsus, Antroversion, Retroversion, Inflammation, Ulceration, and various other affections of the Womb and Ovaries, Painful, Suppressed, Scanty, or Proluse Mensiruation, Leacorrhoa.

TO LABIES we can recommend this treatment as one of UNVARIED SUCCLESS. Almost mammarable cases have come under treatment at our office who can testify to this fact. Mrs. BECK WITH has entire charge of the Ladles' Department.

REFERLNCES.—The diseased and all interested are reterred to the following named gentlemen, who have been treated and witnessed our treatment of others as No. 1220 WALNUT Street:—

A. J. Pleasonton, Brigadier-General, Sc. 918 Spruce street; A. Pleasonton, Brigadier General, St. Louis, Missouri; Jacob Vanuegrift, Odesse, Delaware; R. A. Semple, thread manufacturer, Mount Holly, New Jersey; W. B. Smith, frontounder, No. 1622 Hanover street, Philadelphia; George Douglass Local Express Company, Philadelphia; J. W. SEGARS, TOBACCO, ETC.

TEN FACTS FOR THE PEOPLE .- IST DEAN a ways has his store full of customers. Why? Because he keeps the best stock of segars and tobacco in the United States, and so is at least from 25 to 50 per cent, less than you can buy elsewhere. Go to DEAN'S. cent. less than you can buy elsewhere. Go to DEAN'S, No. 413 CHE SNUT Street.

2d. Why is it that the city tobacconists are down on Dean? Because he sells a bet or quality of tobacco and sewars at a much less price than they canwell. Go to Dean's, No. 413 Chesnut street.

3d. The reason why he can foll so chean's because his retail sales are over \$300 per day, and his wholesale trade is over \$2000 sec day, its can afford to sell at from 2 to a per cent, profit while others cannot live on less than from 25 to 100 per cent. Go to Dean's, No. 413 Chesnut street.

then from 25 to 100 per cent. Go to Dean's, No. 41s Chesnut street.

4th. Dean sells prime imposted Havana segars for six cents each. Genume Yara for sen cents, and makes a liberal discount to those buying by the box.

Go to Dean's, No. 41s Chesnut street.

5th. Dean sells the best navy, of six different kinds, for 86, 85 and 90 cents per pound. Dry navy 40 cents per pound, with a discount to those buying five pounds or unwards.

per pound, with a discount to those buying five pounds or upwards.

Go to Dean's, No. 413 Chesnut street.

6th. Dean sells all kinds of smoking tobscoo from 30 cents per pound to \$1.50 per pound, and a discount on 5 pounds or upwards. Try it, you will like it.

Go to Dean's, No. 413 Chesnut street.

Th. Dean's Store is No. 413 The anut street. If you inquire of some tobacconists they will tell you they don't know him. and den't ack now him? Because he sells so cheap, he is killing the business.

Go to Dean's, No. 413 Chesnut street.

Sth. Some tobacconists' lea oney makes them mean, but Dean can afford to be theral; his trade is always on the morease. That's what roub as the Spanish Jews and red noses. When you wan prime tobacco or segars at a fair price, go to Dean's, No. 413 Chesnut street.

9th. Dean's Yara Segars are the only genuine Yara in this city, all others are or inferior quality. Dean secured the whole crop of Yara this year and for next year. If you want genuine Yara Segars, go to Dean's, No. 413 Chesnut street.

10th. The largest assorting it of segars in any one store in the United States you will find at DEAN'S, No. 413 Chesnut Street.

No postponement on account of weather. Herees Vehicles, and Harness always on hand at private Salo. Superior Stable accommodations for Horses entered for public or private sale. W. H. STEBB, Auctioneer.

MEDICAL

FLECTRICAL DISCOVERIES

AND

GLORIOUS RESULTS.

DR. M. J. GALLOWAY, Flectrical Physician, for-merly the partner of PROFESSOR C. H. BOLLES, after an absence of a year and a hall from the city, during which time be has been engaged with PROPESSOR BOLLES, his father-in-law, in investigating more tuily the sublime subject of Electricity as the GREAT CURATIVE AGENT, has resumed his successful practice at No. 142 South EIGHTS. Street, where he is curing, with unparalleled success, the worst forms of soute and chronic diseases. In our many scientific experiments with the Electric, Galvanie, Electro-Magnetie, and pure Magnetic Currents, and their numerous modifications on the bodies of various animals for the purpose of certaining with minute accuracy the direct and indirect influence of each on the organization, we have demonstrated that Electricity is the vital element-that it can be directed to any organ or part of the body, and even after the vital functions seem paralyzed, possesses the power of arousing the dormant energies, equalizing the circulation, and restoring the system to a olf-sustaining healthy condition,

The most satisfactory results follow our treatment. In some instances the disease of years' standing yields readily at the first touch of the electric element, while In others R requires a more protracted treatment.

One very important feature of our treatment is that no

time is lost in experimenting with disease. By means or an electrical test, an accurate diagnosts is given at once, determining the locality and character of the disease, and indicating the treatment to be pursued. DR. P. SHEDD, OF NEW YORK CITY, a scientific centleman of ability, is associated with Dr. Galloway in

the practice. TO LADTES. -- Our treatment is eminently successful n female diseases. Mrs. C. H. BOLLES gives her valuable services to all lady patients. Having cured during the last twelve years FIVE THOUSAND females suffering with every form of disease poculiar to their sex, her ability to cure is well established. Her great experience recommends her to the suffering of her sex. REFERENCE-We refer the diseased and others in-

crested in our new practice to the following well known centlemen, who have been treated successfully by us :-George Grant, No. 616 Chesnut street. H. Z. Deslivez, No. 1736 hesnut street. STUDENTS can enter at any time for a full course of instruction in our new mode of applying Electricity and its different modifications in the cure of all diseases. The old students of PROF, BOLLES or myself who are practising our old system in this city, are especially invited to become instructed in our new discoveries, so that they may be enabled to treat disease with much more success, and produce cures in one-half the time than by our old system.
